

I'm not a bot

You can access the free Analytics Academy on Skillshop courses by visiting their website and enrolling in a course. To activate your Google AI Pro account, go through the subscription process by choosing a payment option and confirming it. Then, click on 'Subscribe' to get access to all the perks of being a Google AI Pro member. You can also claim additional benefits under Google One and sign up for this service as well. Once you're done with that, hit the 'Post' button to share your experience in the community forum where you can get expert advice from other users who have gone through similar situations.
